DETAILED ACTION

Response to Amendment

1. This in response to amendment filed 08/22/2007. No claims have been added. No claims have been canceled. Claims 1, 13-21 and 23-25 have been amended. Claims 1-9, 11-21 and 23-28 are still pending in this application.

2. The claims rejection under 35 USC 101 is withdrawn.

3. The claims rejections under 35 USC 102 will be maintained as previously presented in the Non-Final office action mailed 05/31/2007.

The claimed "interface" as recited in claim 1 reads on the personal agent interface (see col. 7, lines 10-28).

Response to Arguments

4. Applicant's arguments have been fully considered but they are not persuasive.

Applicant's main argument is directed to the limitation of "automatically modifying the profile based upon a location of the user". The claimed limitation is previously addressed by the Examiner in the previous office action. The Examiner relied on several portions cited from the reference. For Example, col. 20, lines 21-27 specifically disclose

that the subscriber profile which reads on the subscriber's location in the reference can be changed (modified) based on the subscriber's current location. Tatchell teaches that "call forward" option that forward calls to the subscriber's new location can be automatically. Thus, it is clearly understood that Tatchell' subscriber's profile (i.e., forward calls to new numbers) can be modified automatically based on the subscriber new location. The Examiner believes that this is similar to "automatically modifying the profile based upon location of the user".

Regarding Applicant's argument for claim 7, The Examiner believes that claim 7 limitations are properly addressed and the rejection of claim 7 is maintained as previously presented in the Non-Final office action mailed 05/31/2007. Also, col. 3, lines 41-55 and col. 5, lines 21-37 are previously cited by the Examiner to support the rejection of claim 7 limitations.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
